Sound To Go® Plus
MP250 PLUS

PRODUCT DESCRIPTION

An upgrade in audio performance and features from the original Sound To Go (MP250), the Sound To Go Plus incorporates a built-in rechargeable lithium-ion battery that can hold a charge for up to 10 hours of audio playback. The brushed aluminium shell houses two channel stereo speakers with two 1¼ inch drivers on each channel with a built-in Class-D amplifier and oval passive radiator for bass enhancement. Producing a total of 3 watts RMS, the compact unit is an enhancement over built-in speaker solutions on many computer or mobile devices. This versatile compact system can charge and stream audio from your laptop or PC using the USB cable, or attach to any portable media device using the auxiliary 3.5mm audio connecting cable for multiple audio applications. Small and weighing only 350 grams (12Oz), the Sound To Go Plus is a ideal companion for all audio needs while on the road, for outdoor activities, at home, or at the office.

FEATURES

- Rechargeable built-in lithium-ion battery
- USB audio streaming and charging capabilities
- Auxiliary input connects to audio enabled devices
- Volume and power function buttons on the unit
- Built-in 30mm x 90mm oval passive bass radiator
- Two channel stereo speaker with two 1¼ inch drivers on each channel and built-in class-D amplifier
- Soft protective carry pouch for transportation
- All speaker drivers magnetically shielded

SPECIFICATIONS

Total power output:	RMS 1.5W x 2
THD + N (testing level):	10%
Signal to noise ratio:	≥80dBA
Frequency response:	270Hz-17kHz +/- 5dB
Frequency range:	50Hz - 23kHz -10dB
Distortion:	≤1%
Input sensitivity:	Aux: 900±50mV
Audio input:	USB audio, Auxiliary 3.5mm
Adjustment:	Volume, power buttons located on the unit
Power supply:	USB power, Rechargeable lithium-ion battery (800mAh/3.7V)
Speaker unit:	Full Range: 1¼ inch (32mm), Magnetically sheilded, 4Ω
Dimension:	261mm x 36mm x 44mm (W x H x D)
Weight:	0.37Kg (net) | 0.45Kg (gross)
